THE INSIDE SECRET

Extremely comfortable soft fabric to give an easy, body-skimming fit. SAIL-A-WAY has a vertical trim on its long Jacket which gives a slim illusion.

The skirt that's a dress!

A skirt becomes a dress or a cape. A T-shirt or singlet is reversible. A jacket can be worn inside out with spots one day and stripes the next. It all adds up to a worry-free get-away. Go online to find more colour stories.

A pretty dress

Meet our very clever “two-piece dress” – a camisole and skirt works as a one-piece dress, but gives the flexibility to extend into coordinates to add 70% more value to your wardrobe.

SECRET WEAPON

The camisole and skirt, which is the Serendipity Set, are bias cut and this is one of our secret weapons. When a garment is cut on the bias, it skims the body with a more comfortable, slimming and flattering fit.

Begin with the two-piece dress for the hottest days, but keep your options open for adding value with separates as the weather cools.

3 piece Serendipity Set pure silk \$320.
